RED VALENTINE—Vaughan's Improved.

VAUGHAN'S BUSH BEANS.

This year sees a remarkable shortage in beans on account of the limited yield in the West. We have been fortunate, however, in having a very fair crop in Michigan, all grown under our direct supervision. The quality this year is the highest that we have had in years, which is extremely fortunate for us as well as for our customers. Let us quote you in large quantities for either prompt or future delivery.

VAUGHAN'S SWEET CORN

We are headquarters for Early Sweet Corn. This seed is grown by ourselves on our own Michigan farms and is free from flintiness. It is carefully saved, husked in the field, and then dried in crates. This proper care in growing and storing gives it a uniformly high germination, a much higher average than we have ever secured elsewhere. We have superior strains of Early Cory, Mammoth White Cory, Bantam Evergreen, Howling Mob, Early Evergreen, Malakoff, Early Iowa and Early Champion.

The Flower Seed Display Beautiful

22x28 inches

It will make Money FOR YOU

An invention controlled by Vaughan's Seed Store enables you to offer your customers the world's best flower seed in the most beautiful and attractive display case you have ever seen.

Made of paper, this case weighs little, and may be stood on a glass show-case without risk. It is at once a brilliant colored poster, and a practical rack, holding 300 large size 10-cent packets of seed. The rack has 29 pockets, each holding packets of one variety. Half of the front packet is on view.

This new display case is not only the best we have ever seen, but it is the cheapest to manufacture, even using the most expensive materials, as we do. We are able to supply it free, with each purchase of seed to fill it. Our standard assortment consists of 224 packets, of 27 varieties, retail price \$25.00 postpaid to you for \$12.50. The case will be supplied free of charge with any assortment of packet flower seeds totaling \$12.50 or more (wholesale price).

OUR LARGE SEED RACK.

On similar lines, we have produced a large seed rack, 36x59 inches in size, standing on a floor easel, having a capacity of 600 packets. This will be supplied free with purchases of packet seeds totaling \$30.00 (wholesale price).

Vaughan's New Posters

Dealers handling Vaughan's Seeds will find sales made much more easily if they tie up their offerings to our national advertising and widely established good will. The new posters illustrated above have been designed to help you do this.

They are just the size for an effective window display, being each 13x19 inches. They are printed in full color and attract the eye by their beauty. Displayed either in your window or in your store, they will produce more business for you. They will be supplied free of charge to all customers who handle a reasonably complete line of Vaughan's Seeds.

A B C LIST OF SUPPLIES. A MARGIN FOR THE DEALER.

We have priced the following Horticultural Supplies on such a scale that a fair profit is left to the seedsmen on a re-sale basis whether he sells to the amateur or to the market grower. There are, however, some articles of which the makers seem to cover the jobbing lines themselves, leaving but small margins between their jobbing prices and consumer's figures. In such cases we have not been able to give the dealer sufficient margin. These we have priced so dealers may pick up many odd items to please customers and supply prompt service without loss and mostly at some slight profit.

We solicit dealers' inquiries for all these supplies which seedsmen desire to stock for retail counter trade. By quoting you a full line and shipping by freight we can make such advantageous prices and saving in transportation charges as will bring the total cost to you below the total if bought in ten different places, and expressed to you.
